Election/Restrictions

This application is in condition for allowance except for the presence of claims 7-17 directed to inventions non-elected without traverse. Accordingly, claims 7-17 have been cancelled.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the first line of claim 6, please insert the word "claim" before "3".

Please cancel claims 7-17.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art, either alone or in combination, does not disclose or render obvious wherein if said optical level is more than the predetermined level, said supplying means supply the optical signal supplied to the optical transmission signal input portion instead of said signal of monitoring the optical switch circuit in combination with the rest of claim 1 for the reasons stated by Applicant in the Remarks section filed 3/16/06.

It is noted that the claim 1 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious an input optical signal controlling means for controlling the input optical signal selecting means based on an output of the input optical level monitoring means as stated in claim 2.

It is noted that the claim 2 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious supplying a monitoring signal for monitoring the optical switch circuit to the optical switch circuit in unit of wavelength, wavelength group or optical fiber when an optical level of the optical signal in unit of wavelength, wavelength group or optical fiber supplied to the optical transmission signal input portion of the optical crossconnect device is the predetermined level or less as stated in claim 18.

It is noted that the claim 18 is allowable because the unique combination of each and every specific element stated in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
